Work experience

Dates

Starting from **1993** I undertook activities as professional man both in the construction sector (design, work management, coordination for safety, development of QMS and OHSAS) and in the sector of consultancy in general.

I have been registered to the Register of Surveyors and Graduated Surveyors of the Province of Milan since **09.03.1993** without interruptions.

I undertake also the activity of Technical Consultant for the Court of Monza, I attend to fire-prevention (registered to the Register of Technicians of the Ministry of the Interior) and I'm qualified both for (and also undertook) the activity of Coordinator for Safety according to the Legislative Decree of 81/08 and next amendments (previously Legislative Decree 494/06) and for the execution of activities of coordinator responsible for the reclamation of asbestos (qualification from the Local Health Agency of the Region of Lombardia and valid in all the national territory).

Among the different and main activities undertaken, I can refer, for example, to the **Work Management** for the **Shopping Centre located** ----- (work costs above € 20.000.000,00), including the Work Management of all the works of urbanization and Work Management of the activities in progress in **Genova** ----- - **programma di intervento** -----, construction of all the buildings (energy class 'A').

As regards the consultancy activities, I undertook activities for construction companies aimed to the certification from SOA (Society of Attestation Bodies) and QMS certification according to ISO 9001 standard.

In particular I prepared procedures for companies operating in EA 28, 34 and 37 sectors.

Then I am an approved Lead Auditor for EA 28, EA 37, EA 34- ISO 9001:2008 and Lead Auditor BS OHSAS 18001:2007, by a Certification Body (third-parties audits).

(From 1993) I was appointed as Quality Manager at a construction company (with above 200 employees and a number of sites) certified according to ISO 9001-----, and certified by SOA for the work category 'OG3, classification VI'. For such a company I worked at the certification process (developing the Quality Management System) and internal training activities (management of internal courses for the company's employees regarding the implementation both of the Legislative Decree 626/94 and next amendments and of the Legislative Decree 494/96 and next amendments, in addition to the planning of procedures for quality check at the construction sites).

I've been undertaking the activity of Health & Safety Manager and have some appointments at the moment.

I undertake the activity of consultant and trainer for the implementation of the Legislative Decree 81/08 and next amendments also for public bodies.

I have the appointment of Manager of the Training Body " F & C -----" -

In the role of Manager of the Training Body '----- - F & C -----', recognized and certified for the provision of all the courses related to the implementation of the Legislative Decree 81/08 and next amendments, I undertake the activity of Tutor (qualified for all the sectors) and in particular courses for Health & Safety Managers and courses related to the qualification of trainers.

I have been undertaking the training activities about the implementation of the requirements of the repealed Legislative Decree 494/96 and next amendments and the Legislative Decree 81/08 and next amendments for a lot of years.

Occupation or position held
Main activities and responsibilities

At the moment I'm the owner of the Technical Office 'Anzalone', the Sole Director of the Organisation '-----' (consultancy company) and technical partner of the 'Engineering Company Rondelli & Partners Engineering S.r.l.', Partner and Manager of the Training Body – 'C.F.A. – F & C -----' of -----.

I've been working as Technical Consultant of the Court of Monza since 2000 and have some appointments at the moment, in addition to the activities of Technical Consultant in law prosecutions related to the crime as per the clauses 589 and 590 of the Penal Code.

As regards the Occupational Health and Safety Management Systems, I was the sole national responsible for the Project '----- – Enti Bilaterali Asseverazione SGSL', with the tasks of prepare executive procedures on behalf of Bilateral Bodies.

Then I am the National President of A.I.V.A. SGSL – Italian Association of Auditors and Asseverators of Occupational Health and Safety Management Systems, Coordinator of the Committee for Asseveration of Occupational Health and Safety Management Systems ----- of Lombardia, Coordinator of the Regional Committee for the application of the Legislative Decree 81/08 and next amendments of ----- Lombardia, Coordinator of the Employers' Association of Lombardia Region, member of the Board of Directors of the Some Provincial Association of Employers, member of Technical Committee in Employers' Associations.
